

Tapes / Strips & Special Sized Coils & Sheets

Assan Steel Service Center provides cold rolled, galvanized, silicon steel, tin plate and coated steel in form of tapes / strips and the special sized sheets at the requested sizes. The workshop also performs special orders on its slitters and cut-to-length lines. The cutting and the slitting tolerances of the company are matching the world standards at the most acceptable levels.

Slitting Line:

Capacity: 300 tons/day

Weight: Max. 10 tons

Width: Min. 30mm, max. 1650 mm

Inside diameter: 160mm, 200mm, 300mm, 400mm, 508 mm

Thickness: Min: 0.20 mm, max 2.50 mm

Slitting line has a computer aided packing line which operates synchronously. Every Slitted coil is strapped and stacked by the magnetic heads.
